

# STEAM Packs for Students Survey

## Grades K-2

Thank you so much for taking the time to complete this anonymous survey. Other people will not be able to see your answers. If you would rather turn in an online version of this survey, please visit [www.ovmod.org/ewsteam](http://www.ovmod.org/ewsteam).

This survey can be completed, photographed or scanned, and **given to your teacher** OR **emailed** to [survey@ovmod.org](mailto:survey@ovmod.org). We will only use your answers to make our programs better!

1. How do you feel about school this year?

2. Are you curious about learning new things?

3. How well do you feel you get along with other students?

4. How much do you know about where your food comes from?

5. Do you keep trying if you don't get something right on the first try?

6. How much do you think about science when you're not in school?

7. How much do you know about making healthy food choices?

8. How much do you enjoy learning by doing things? (building, creating, planting, crafting)

STEAM Packs for Students Survey  
Grades K-2

9. How much do you enjoy solving problems?

10. Did you learn something new in the STEAM pack or in the videos?

11. How did you feel about learning about science BEFORE your STEAM pack?

12. How do you feel about learning about science AFTER completing your STEAM pack?

13. How would you feel about receiving more kits like this?

14. How do you feel about learning using a computer?

15. How do you feel about visiting a museum or science center?

16. How interested are you in having garden-related lessons in your school garden?
